```java
 1 package javaassignmentprograms;
 2 class Person
 3 {
 4     String name;
 5     int age;
 6 }
 7
 8
 9 class Main
10 {
11    public static void main(String[] args)
12 {
13
14        Person p = new Person();
15         p.name = "kavya";
16         p.age = 21;
17        System.out.println("Name: " + p.name);
18        System.out.println("Age: " + p.age);
19    }
20
21
22
23 }
24
```
